SB 770- Bill to Finance a State-run Healthcare System Advances to Assembly Appropriations Committee

The Sacramento Association for Health Underwriters (SAHU) would like to extend its gratitude to all its dedicated members who actively participated in NABIP's Operation Shout to oppose SB 770, a bill aimed at financing a state-run health care system in California.

Despite the tremendous efforts and numerous communications from CAHIP members, SB 770, which seeks to advance Single Payer Health Care system in California, has successfully passed the Assembly Health Committee and is now progressing to the Assembly Appropriations Committee.

If enacted, legislation would establish a workgroup with the goal of petitioning the federal government to redirect significant funding, potentially amounting to hundreds of billions of dollars, from Medicare and Medi-Cal. The intention behind this redirection would be to support the implementation of a state-run health care system, which has yet to undergo comprehensive testing, including an assessment of its potential costliness.

SAHU kindly urges all its members and non-members to take the time to review the details of SB 770. You can find the fully written Bill here:

<https://leginfo.legislature.ca.gov/faces/home.xhtml>

We encourage you to talk to your Assemblymember about the potential implications it may have. If you would like to join SAHU in expressing opposition, we invite you to visit the following link <https://nabip.quorum.us/campaign/48542> and participate in Operation Shout. Your voice holds significance, and your participation can potentially contribute to the outcome of this bill.

If you are not a member of SAHU, click here- <https://sahu-ca.com/benefits> to learn more about our great organization and how you can join.

In the coming weeks, SAHU will diligently provide updates on the progress of SB 770 in the Assembly Appropriations Committee. We assure you that we will keep you informed of any developments as soon as the information becomes available, with the latest update expected no later than September 1, 2023.

###

For over 30 years, SAHU has worked to improve our members' ability to meet the health, financial and retirement security needs of all Californians and Americans through education, advocacy, and professional development. For more information, please visit: sahu-ca.com.
